- 2.)** Always stand to the side, or behind the machine when you alter the settings of the various controls.
- 3.)** If it is necessary to free a jammed pickleball, make sure the machine is turned off, and the battery pack unplugged. Ask the FD team to help.
- 4.)** Never place hands or any other body parts near moving parts.
- 5.)** Due to the nature of the ball machine, non-playing children are not allowed on the court for their safety.
