

The PlaySight technology is only available at IRC Dean Road. Currently, use of all PlaySight technology is free to all users (this may change).

There are two options to use with PlaySight; **LIVESTREAM & MATCH RECORDING**.

### **LIVESTREAMING**

Livestreaming is only available when the Club chooses to turn on the cameras.

At this time and for the foreseeable future we will only turn on the livestream option during IRC hosted USTA tournaments or Butler University matches.

Players simply search for the Club name on the Playsight app or browser and then search for a specific court to view.

### **MATCH RECORDING**

Match recording is available by scanning the QR codes located at the back of each court. See below for step by step directions.

Note: Recordings may take 30 minutes to several hours to show on a players app.

## **APP USER GUIDE**

### **How To: Create a PlaySight Account**

Step 1: Download the PlaySight App (free for iOS and Android devices, just search “PlaySight” in the app store)

Step 2: Click Join PlaySight

Step 3: Select your home facility

### **How To: Scan the QR code and get your Match Video**

Step 1: Once signed into the PlaySight app, select “Smart Court” and then select “Scan QR” at the bottom. Scan the QR code

Step 2: Press “Start” to the court

Step 3: Title your session, and select the duration of how long you would like to record.

Step 4: Select Match, Practice or Warm Up.

Step 5: Toggle the AI Highlights on or off to get personalized highlights and clips created from your video session! These highlights will be found after your recording on the “Highlights” tab

Step 6: If you toggle AI highlights “on” make sure you select a warm up time of 5 or 10 minutes.

Step 7: Press “Start Session”

Step 8: Press “Live Replay” to see the court in real time!

Step 9: To receive your AI highlights and statistics, go to the “AI analysis” tab and select your match. Once you select your match, select your image to get your results.

Below are some common questions regarding our PlaySight system.

**WHO HAS ADMIN ACCES:** At this time Jamie Dieveney and Sara Barr are the only IRC staff with access to the admin side of PlaySight to turn on or off the Livestream. The Butler Coaches also have limited access as well.

**What happens if I forgot to record my match?**

**I**f the cameras were on for livestreaming, then the facility will have access to the recordings as a facility video. We can send a download copy but will only do so at this time for players sending matches as part of a college admission process.
